Don't start your week without it

Get a jump on your work week by making sure you have the most current economic and social information in Canada. Travelling by first class mail or courier, Statistics Canada's digest, Infomat, arrives at the beginning of each week to help you monitor key economic indicators and keep up with the most current data releases from Canada's national statistical agency.

In eight fact-filled pages, Infomat highlights the findings of Statistics Canada surveys and brings them to your desk each week, often long before detailed reports are published. Throughout the year you'll get the first results of over 100 ongoing surveys and many special surveys—from manufacturing shipments to the health of Canadians or post graduate employment to part-time workers.

Each week, Infomat presents you with,

- concise summaries of fresh facts from over 100 ongoing surveys
- charts and graphs that let you instantly scan the trends
- Overview - an outline of the subjects covered in each issue that you can scan in 30 seconds
- guidance on how to obtain special reports to assist you in your more detailed research.
- Current Trends and Latest Monthly Statistics sections that bring you up to date on the Consumer Price Index, Gross Domestic Product and 21 other key monthly series

Managers, analysts and researchers who are responsible for keeping up to date on changes in Canada's economic and social climate can count on Infomat — as a quick overview of the latest trends and as a weekly reminder of key indicators and data releases. Many subscribers use Infomat's highlights to add authority to their industry analyses, investment plans or corporate reports.

To order Infomat (11-002E), 50 issues annually for \$125 in Canada, US\$150 in the U.S. and US\$175 in other countries, write to Publications Sales and Service, Statistics Canada, Ottawa, Canada, K1A 0T6. For faster service, use your VISA or MasterCard and call toll-free in Canada, 1-800-267-6677.

APPENDIX A

ORDERING PUBLICATIONS

Types of Publications

Subscribing to Periodicals

You can subscribe to any Statistics Canada publication that is issued regularly. Within this listing, such publications are identified as daily, weekly, monthly, quarterly, semi-annual or annual.

When completing the order form, remember to list the annual subscription price and write an "S" (subscription) in the issue column.

Your subscription will start with the next issue of the periodical. (Note: for example, there may be a waiting period of up to three months before the next issue of a quarterly publication is released, and the release of a new annual may take up to 12 months, depending on the release date.)

As a continuing service to our subscription clients, we issue renewal and reminder notices as your expiry date approaches to help ensure uninterrupted delivery of your publications. You will also be advised of related publications, to allow you to update your statistical library.

Multi-year subscriptions are available for up to three years on Statistics Canada's most popular titles. The following publications are eligible for multi-year subscriptions:

Canadian Economic Observer (10-230)
Canadian Social Trends (11-008)
Perspectives on Labour and Income (75-001)
Infomat (11-002)
Health Reports (82-003)

Multi-year subscriptions ensure that there will be no interruption in the issues sent to you, as well as reducing administrative costs. Subscription rates for the second and third year are the same as the currently listed price, so multi-year subscribers are also insulated against price increases.

When ordering, please indicate clearly the number of years for which you would like to subscribe.

Purchasing Single Issues

You may wish to order a single copy of a publication before subscribing for an entire year. To order a single copy of any publication or series, remember to list the single issue price when ordering. You will receive a copy of the most recent issue.

Many publications in this listing are issued only occasionally. When ordering these titles, simply list the applicable Canadian, U.S. or foreign price, along with the catalogue number and title. Again, you will receive a copy of the most recent issue.

Ordering Publications

You may order any Statistics Canada publication using the order form at the back of this listing.
